RESOLUTION # 7E-19-0013
Support the Implementation of Small Cell Technology

WHEREAS, the introduction of smart phones and other wireless devices and the explosion of their use in the past decade have driven technological advances in the telecommunication infrastructure as demand strains the existing infrastructure

WHEREAS, Communities in Ward 7 are disproportionately impacted by the technological divide.

WHEREAS, the implementation of small cell technology will reduce the technological divide and enhance access to DC’s free internet service.

WHEREAS, ANC7E emphasizes that the Small Cell Infrastructure must include the following:

- Coverage without dead zones across the entire District § Adapt cell designs to historic areas
- Minimize impact to vehicle traffic and pedestrians when placing cells and backhaul infrastructure
- Proactively notify communities and the ANC of construction activities during city-wide rollout
- Serve to encourage investment and innovation in DC by providing ubiquitous and secure connectivity

BE IT RESOLVED, ANC 7E would like to support the implementation of small cell technology on the corner of Southern Avenue and Central Ave.

ADOPTED by vote at a regular public meeting (notice of which was properly given, and at which a quorum of 5 of the seven members was present on June 11, 2019 by a vote of 5 yes, 0 no and abstained.
